(f) The Contractor shall continually evaluate the total level-of-effort required and recommend to the Government changes thereto which are considered beneficial in attaining the overall objectives of this contract. In controlling the utilization of labor hours, the Contractor shall promptly notify the Contracting Officer, in writing, when there is an indication that premature exhaustion of the total labor hours of effort is predicted.

(g) It is understood and agreed that the rate of labor hours per month may fluctuate in pursuit of the technical objective; however, such fluctuations will be controlled to avoid an exhaustion of the total labor hours of effort before the expiration of the term of the contract.

(h) It is further agreed that the Contractor may submit written requests for acceleration of the average hourly rate of effort that will result in the utilization of the total labor hours set forth above prior to the expiration date of this contract. If the Contracting Officer approves the request, the accelerated performance shall be without increase in fee and the transaction formalized by modification to this contract.

(i) The fee for performance under this contract is predicated upon the Contractor furnishing at least the minimum but up to and including the maximum level-of-effort specified. In the event the minimum level-of-effort is not provided as specified, the Government may, at its unilateral option, reduce both the base fee and the award fee pool proportionally. Such reduction, if necessary, will be applicable to all fees including those awarded/earned. The fee shall be adjusted downward in accordance with the following formula:

$$\text{Fee Reduction} = \frac{\text{Fee (in \$)} \times (\text{Target LOE} - \text{Expended LOE})}{\text{Target LOE}}$$

"Fee Reduction" computed by the above formula is the dollar amount by which the fee specified in the contract will be reduced. "Fee" in the above formula means the base fee and maximum award fee for CPAF type contracts. "LOE" in the above formula means "level-of-effort".

(j) In the event the Government desires an additional level-of-effort in excess of the maximum labor hours specified prior to contract completion, the parties may negotiate to make an equitable adjustment of the amount of fee payable hereunder.

Incorporation of Award Fee Plan (OCT 2003)

(b)(3)

The parties hereto agree that the fee payable under this contract shall be established in accordance with the award fee plan attached hereto and made a part hereof

Scope of Contract (Cost-Reimbursement, Level-of-Effort Term) (OCT 2003)

(b)(3)

The Contractor shall:

(a) On a Level-of-Effort basis, perform assigned tasks, in accordance with the Statement of Work (SOW), and all applicable Specifications, Application Standards and/or Requirements documents.

(b) In accordance with the terms and conditions set forth hereafter, furnish the necessary qualified and properly cleared personnel, services, travel, facilities, and materials (except those specifically designated to be provided by the Government) to enable accomplishment of the task(s) assigned under this contract.

(c) Conduct and/or participate in a Progress Review Meeting, as required by the COTR, in order to review task performance and completion.

(d) Prepare and submit monthly, two (2) copies of the following documentation:

(1) contract status report;

Option for Increased Quantity - Direct Hours (Cost Reimbursement) (JUL 2007)

(b)(3)

(a) The parties recognize that the total amount of direct labor hours set forth in the "Type of Contract and Consideration" clause in Section B represent(s) the best estimate of the number of direct hours that will be required to accomplish this contract effort. As the work continues or evolves, the effort originally contemplated may enlarge or modify, necessitating additional hours in excess of the amount set forth in said clause. As long as the additional effort is deemed by the contracting officer to be within the scope of the contract, the total amount of direct hours may be increased in order that additional effort may be performed. Unless otherwise specified in the contract, any increase in total hours shall be at the hourly rate as set forth in paragraph (b) below:

(b) The Government may increase the number of direct hours by issuing an appropriately funded unilateral modification to this contract citing this clause as authority. Each unilateral modification issued pursuant to this provision shall increase the total estimated contract value set forth in the "Type of Contract and Consideration" clause in Section B, at the estimated fully loaded cost and fee amounts as shown in the following table, respectively for each direct hour added.

Electronic Submission of Payment Requests Using IPP (SEP 2010)

(a) Definitions. As used in this clause-

(1) "Contract financing payment" and "invoice payment" have the meanings given in FAR section 32.001.

(2) "Electronic form" means using the Internet Payment Platform (IPP) to transmit information electronically from the Contractor to the internal contract management system. The Agency does not consider facsimile, e-mail, and scanned documents to be electronic forms.

(3) "Payment request" means any request for contract financing payment or invoice payment submitted by the Contractor under a contract.

(b) Except as provided in paragraphs (e) and (g) of this clause, the Contractor shall submit payment requests using the Internet Payment Platform (IPP). (c) The Contract Line Item Numbers (CLINs) and associated CLIN descriptions as provided in IPP must be utilized to create invoices. An Invoice Line Item Number must reference the Contract Line Item Number (CLIN) against which the Contractor is billing. The Contractor shall provide the Contracting Officer with the following information required for IPP registration:

(1) Company Name (primary corporate location); (2) Company Tax Identification Number (TIN); and (3) Company designated IPP account administrator, to include: name, position, phone number, email address.

Contractors currently registered with IPP through another Government agency must still register separately for payments from this Agency. (b) Within 1-2 weeks after the contract is signed, the information provided in paragraph (a) will be forwarded to IPP and the company designated IPP account administrator will then receive three emails from the Treasury Web Applications Infrastructure's (TWA) email address twaigov@mail.ero.c.twai.gov.

(3) From "Treasury UPS User Administration" - the Company's IPP password (sent within 24 hours of the first two emails).

(c) During registration, one (1) initial administrative user account is created for the company for the submitted TIN, regardless of the number of contracts or locations associated with the TIN. The IPP account administrator is required to set up all other company user accounts, including other administrators. Registration is complete when the IPP account administrator logs into the IPP website with the User ID and password provided by TWA and accepts the "rules of behavior". (d) The Contractor shall access a first time login video found on the IPP homepage, which provides step-by-step instructions for logging into IPP for the first time. Other self-help videos, to include creating and submitting invoices, are available only after logging into IPP. (e) Passwords in IPP expire every 90 days. Fourteen days prior to the end of the 90-day period, IPP will send an email notification prompting you to change your password. If you do not change your password once during the 90 days, or if you do not change your password when prompted to do so, you must contact the IPP Helpdesk at 1-866-973-3131 to unlock your account and to reset your password. As used herein, "technical guidance" is restricted to scientific, engineering or other technical field-of-discipline matters directly related to the work to be performed. In addition, and unless specified elsewhere in this contract, the authority of the designated COTR is specifically limited to the technical administration of this contract and the inspection of supplies being produced, services being provided or work being performed to assess compliance with the scope, estimated cost (if cost-reimbursement), schedule, and technical requirements of the contract.

(b) If an Associate COTR (ACOTR) or a Government Task Manager (GTM) is designated by this clause, the ACOTR will assist the COTR in his/her responsibilities and will function as the technical representative of the Contracting Officer in the absence of the COTR. The GTM will assist the COTR in performing his/her responsibilities for a specific task(s). However, the COTR remains ultimately responsible for the technical performance of the contract.

Novation/Change-of-Name Notification Requirement (MAR 2009)

(b)(3)

Along with details of the change, your notification shall provide a point of contact name, title, clearance level, and phone and fax numbers.

(c) After receiving this notification, your designee will receive a letter with instructions to assist in the preparation of the novation/change-of-name package. Our organization will typically recognize Other Government Agency (OGA) Agreements; however, we have unique security requirements that must be addressed before formally accepting these agreements.

(d) You are reminded that you must continue to invoice under your former name on existing contracts until this Agency accepts your novation and/or change-of-name agreement by issuance of a letter recognizing the agreement. In addition, you are NOT authorized to request changes to your banking information to recognize a successor company on existing contracts until this Agency accepts your novation and/or change-of-name agreement. Any delays in submitting the required information may impact your ability to invoice.

(e) A submission of a novation or name change agreement does not guarantee approval by this organization and if a change is deemed unacceptable, the contractor will remain under contractual obligation to perform. The contract may be terminated for reasons of default should the contractor not perform.

The Contractor's signature on the modification shall constitute acceptance of the Government's offer, shall be binding on both parties, and shall constitute a full, complete, and final settlement for the changes so directed.

(a) Definitions. As used in this clause--

"Approved purchasing system" means a Contractor's purchasing system that has been reviewed and approved in accordance with Part 44 of the Federal Acquisition Regulation (FAR).

"Consent to subcontract" means the Contracting Officer's written consent for the Contractor to enter into a particular subcontract.

"Subcontract" means any contract, as defined in FAR Subpart 2.1, entered into by a subcontractor to furnish supplies or services for performance of the prime contract or a subcontract. It includes, but is not limited to, purchase orders, and changes and modifications to purchase orders.

(b) When this clause is included in a fixed-price type contract, consent to subcontract is required only on unpriced contract actions (including unpriced modifications or unpriced delivery orders), and only if required in accordance with paragraph (c) or (d) of this clause.

(c) If the Contractor does not have an approved purchasing system, consent to subcontract is required for any subcontract that--

(1) Is of the cost-reimbursement, time-and-materials, or labor-hour type; or

(2) Is fixed-price and exceeds--

(i) For a contract awarded by the Department of Defense, the Coast Guard, or the National Aeronautics and Space Administration, the greater of the simplified acquisition threshold or 5 percent of the total estimated cost of the contract; or

(ii) For a contract awarded by a civilian agency other than the Coast Guard and the National Aeronautics and Space Administration, either the simplified acquisition threshold or 5 percent of the total estimated cost of the contract.

(d) If the Contractor has an approved purchasing system, the Contractor nevertheless shall obtain the Contracting Officer's written consent before placing the following subcontracts:

TBD

(e)(1) The Contractor shall notify the Contracting Officer reasonably in advance of placing any subcontract or modification thereof for which consent is required under paragraph (b), (c), or (d) of this clause, including the following information:

(i) A description of the supplies or services to be subcontracted.

(ii) Identification of the type of subcontract to be used.

(iii) Identification of the proposed subcontractor.

(iv) The proposed subcontract price.

(v) The subcontractor's current, complete, and accurate cost or pricing data and Certificate of Current Cost or Pricing Data, if required by other contract provisions.

(vi) The subcontractor's Disclosure Statement or Certificate relating to Cost Accounting Standards when such data are required by other provisions of this contract.

(vii) A negotiation memorandum reflecting--

(A) The principal elements of the subcontract price negotiations;

(B) The most significant considerations controlling establishment of initial or revised prices;

(C) The reason cost or pricing data were or were not required;

(D) The extent, if any, to which the Contractor did not rely on the subcontractor's cost or pricing data in determining the price objective and in negotiating the final price;

(E) The extent to which it was recognized in the negotiation that the subcontractor's cost or pricing data were not accurate, complete, or current; the action taken by the Contractor and the subcontractor; and the effect of any such defective data on the total price negotiated;

(F) The reasons for any significant difference between the Contractor's price objective and the price negotiated; and

(G) A complete explanation of the incentive fee or profit plan when incentives are used. The explanation shall identify each critical performance element, management decisions used to quantify each incentive element, reasons for the incentives, and a summary of all trade-off possibilities considered.

(2) The Contractor is not required to notify the Contracting Officer in advance of entering into any subcontract for which consent is not required under paragraph (b), (c), or (d) of this clause.

(f) Unless the consent or approval specifically provides otherwise, neither consent by the Contracting Officer to any subcontract nor approval of the Contractor's purchasing system shall constitute a determination--

(1) Of the acceptability of any subcontract terms or conditions;

- (3) To relieve the Contractor of any responsibility for performing this contract.
- (g) No subcontract or modification thereof placed under this contract shall provide for payment on a cost-plus-a-percentage-of-cost basis, and any fee payable under cost-reimbursement type subcontracts shall not exceed the fee limitations in FAR 15.404-4(c)(4)(i).
- (h) The Contractor shall give the Contracting Officer immediate written notice of any action or suit filed and prompt notice of any claim made against the Contractor by any subcontractor or vendor that, in the opinion of the Contractor, may result in litigation related in any way to this contract, with respect to which the Contractor may be entitled to reimbursement from the Government.
- (i) The Government reserves the right to review the Contractor's purchasing system as set forth in FAR Subpart 44.3.
- (j) Paragraphs (c) and (e) of this clause do not apply to the following subcontracts, which were evaluated during negotiations:

TBD

Compliance With the Constitution and Statutes of the United States (AUG 1996)

Nothing in this contract shall be construed to authorize any activity in violation of the Constitution or Statutes of the United States.

(b)(3)

Organizational Conflicts Of Interest: General (JUL 2003)

- (a) The contractor warrants that, to the best of its knowledge and belief, there are no relevant facts that could give rise to Organizational Conflicts of Interest, as defined in FAR 9.501. Or, alternatively, the contractor warrants that it has disclosed all relevant information regarding any actual or potential organizational conflict of interest.
- (b) The contractor agrees that if an organizational conflict of interest with respect to this contract is discovered during its performance, an immediate and full disclosure in writing shall be made to the Contracting Officer. Such notification shall include a description of the action the contractor has taken or proposes to take to avoid, neutralize or mitigate such conflicts. The contractor shall continue performance until notified by the Contracting Officer of any contrary actions to be taken. The Government may, however, terminate the contract for its convenience if it deems such termination to be in the best interest of the Government.
- (c) If the contractor was aware of an organizational conflict of interest before award of this contract and did not fully disclose the conflict to the Contracting Officer, the Government may terminate the contract for default.
- (d) The contractor shall insert a clause containing all the terms and conditions of this clause in all subcontracts for work to be performed similar to the services provided by the prime contractor, and the terms "contract", "contractor", and "contracting officer" modified appropriately to preserve the Government's rights.
- (e) Before a contract modification is made that adds new work or significantly increases the period of performance, the contractor shall agree to submit either an organizational conflict of interest disclosure or representation or an update of a previously submitted disclosure or representation, if requested by the Government.
- (f) Contractor further agrees that Government may periodically review contractor's compliance with these provisions or require such self-assessments or additional certifications as Government deems appropriate.

(b)(3)

Organizational Conflicts Of Interest: Special Exclusion (JUL 2003)

- (a) The purpose of this clause is to aid in ensuring that the contractor (1) is not biased because of its past, present, or currently planned interest (financial, contractual, organizational, or otherwise) that relates to the work under this contract, and (2) does not obtain any unfair competitive advantage over other parties by virtue of its performance of this contract.
- (b) The restrictions described herein shall apply to performance or participation by the contractor and any of its affiliates or their successors in interest (hereinafter collectively referred to as "contractor") in the activities covered by this clause as a prime contractor, subcontractor, co-sponsor, joint venturer, consultant, or in any similar capacity.

(c) In consideration for the award of this contract, the contractor agrees that it shall be ineligible to participate in any capacity in Government contracts, subcontracts, or proposals therefore (solicited or unsolicited) that stem directly from the contractor's performance of work under this contract and fall into the following category: **any RFPs or TOPRs that are generated for goods or services that PYRAMID contractor staff were involved in collecting/developing requirements; development of budgets for the same or participation as a source selection advisor.**

(d) Nothing in this paragraph shall preclude the contractor from offering or selling its standard commercial items to the Government.

(e) The contractor further agrees that the Government may periodically review the contractor's compliance with these provisions or require such self-assessments or additional certifications as the Government deems appropriate. The contractor is on notice that this clause supplements, but does not supersede the contractor's obligations under paragraph (b) of Organizational Conflict of Interest - General. (b)(3)

Protection Of Information (JUL 2003)

(a) It is the Government's intent to ensure proper handling of sensitive planning, budgetary, acquisition, and contracting information that will be provided to, or developed by, the contractor during contract performance. It is also the Government's intent to protect the proprietary rights of industrial contractors whose data the contractor may receive in fulfilling its contractual commitments hereunder. (b)(3)

(b) Accordingly, the contractor agrees that it will not disclose, divulge, discuss, or otherwise reveal information to anyone or any organization not authorized access to such information without the express written approval of the Contracting Officer. The contractor shall require that each of its employees assigned to work under this contract, and each subcontractor and its employees assigned to work on subcontracts issued hereunder, execute nondisclosure agreements acknowledging the above restrictions before providing them access to such information. The contractor shall also require all future company employees, subcontractors, and subcontractor employees needing similar access to such information to execute nondisclosure agreements prior to providing them access to the above identified information. The requirement for the contractor to secure nondisclosure agreements from their employees may be satisfied by having each employee sign one nondisclosure agreement as a term of their employment, and need not be accomplished separately for each individual contract for which the employee will support, unless a separate agreement is specifically requested by the Contracting Officer. The contractor will make copies of these individual agreements available to the Contracting Officer upon request. These restrictions do not apply to such information after the Government has released it to the contractor community, either in preparation for or as part of a future procurement, or through such means as dissemination at Contractor Industrial Forums.

(c) The contractor further agrees that any source documents furnished by the Government and any contractor documents developed therefrom in the performance of this contract are the sole property of the Government and will be held in the strictest confidence.

(d) If the work to be performed under this contract requires access to the proprietary data of other companies, the contractor agrees to enter into an agreement with the company that has developed this proprietary information to: (1) protect such proprietary data from unauthorized use or disclosure for as long as the information remains proprietary; and (2) refrain from using the information for any purpose other than support of the Government contract for which it was furnished. The contractor shall provide a properly executed copy of any such agreement(s) to the Contracting Officer. These restrictions are not intended to protect data furnished voluntarily without limitations on their use. Neither are they intended to protect data, available to the Government or contractor, from other sources without restriction.

(e) The contractor agrees to include in each subcontract a clause requiring compliance by the subcontractor and succeeding levels of subcontractors with the terms and conditions herein.

(f) The contractor agrees to indemnify and hold harmless the Government, its agents, and employees from every claim or liability, including attorneys fees, court costs, and expenses arising out of, or in any way related to, the misuse or unauthorized modification, reproduction, release, performance, display, or disclosure of data with restrictive legends received in performance of this contract by the contractor or any person to whom the contractor has released or disclosed the data.

(g) The contractor further agrees that the Government may periodically review contractor's compliance with these provisions or require such self-assessments or additional certifications as the Government deems appropriate. The contractor is on notice that this clause supplements, but does not supersede, the contractor's obligations under paragraph (b) of clause Organizational Conflict of Interest - General. (b)(3)

(b) *Examination of costs.* If this is a cost-reimbursement, incentive, time-and-materials, labor-hour, or price redeterminable contract, or any combination of these, the Contractor shall maintain and the Contracting Officer, or an authorized representative of the Contracting Officer, shall have the right to examine and audit all records and other evidence sufficient to reflect properly all costs claimed to have been incurred or anticipated to be incurred directly or indirectly in performance of this contract. This right of examination shall include inspection at all reasonable times of the Contractor's plants, or parts of them, engaged in performing the contract.

(c) *Cost or pricing data.* If the Contractor has been required to submit cost or pricing data in connection with any pricing action relating to this contract, the Contracting Officer, or an authorized representative of the Contracting Officer, in order to evaluate the accuracy, completeness, and currency of the cost or pricing data, shall have the right to examine and audit all of the Contractor's records, including computations and projections, related to

- (1) The proposal for the contract, subcontract, or modification;
- (2) The discussions conducted on the proposal(s), including those related to negotiating;

ated until 3 years after any resulting final termination settlement; and

(2) The Contractor shall make available records relating to appeals under the Disputes clause or to litigation or the settlement of claims arising under or relating to this contract until such appeals, litigation, or claims are finally resolved.

(f) The Contractor shall insert a clause containing all the terms of this clause, including this paragraph (f), in all subcontracts under this contract that exceed the simplified acquisition threshold, and

(1) That are cost-reimbursement, incentive, time-and-materials, labor-hour, or price-redeterminable type or any combination of these;

(2) For which cost or pricing data are required; or

(3) That require the subcontractor to furnish reports as discussed in paragraph (d) of this clause.

The clause may be altered only as necessary to identify properly the contracting parties and the Contracting Officer under the Government prime contract.

Timely Notice Of Litigation (AUG 1996)

(b)(3)

(a) The Contractor hereby agrees to immediately give written notice to the Contracting Officer of any anticipated or current litigation or any litigation that may arise during the course of the performance of this contract, that involves or in any way relates to or affects any aspect of this contract, its terms or costs, pertinent subcontracts, or the Customer's relationship with the Contractor or Subcontractors. Said notice shall include all relevant information with respect thereto.

(b) The Contractor agrees to insert this requirement in any subcontract under this contract. In the event of litigation, the Subcontractor shall immediately notify its next tier Subcontractor or the Prime Contractor, as the case may be, of all relevant information with respect to such litigation.

(c) The Contracting Officer shall have access to and the right to examine any pertinent books, documents, papers and records of the Prime Contractor or Subcontractor(s) involving customer transactions related to any contract litigation.

(d) Notwithstanding the foregoing, nothing in this agreement shall constitute a waiver of either party's right in litigation, including but not limited to, the rights of attorney-client privilege, to obtain injunctive relief, and/or any rights or remedies available.

Intention to Use Consultants (AUG 1996)

(b)(3)

(a) The Government intends to utilize the services of nongovernment organizations in technical, advisory and consulting roles for overall review of the activities covered by this contract. Although the consultants shall not have the right of technical direction, they shall from time to time and on a frequent basis attend technical reviews, participate in technical interchange meetings, observe national processing, witness fabrication and assembly, and monitor testing within the Contractor and Subcontractor facilities. Such consultants will be involved in providing advice to the Government concerning viability of technical approaches, utilization of acceptable procedures, value and results of tests, and other management and contractual aspects of the program. The consultants will thus require access to program-related Contractor facilities and documentation. Contractor proprietary data shall not be made available to consultants unless and until a protection agreement has been generated between the consultant and the Contractor and evidence of such agreement made available to the Government. Contractor proprietary cost and accounting data will not be available to consultant organizations.

(b) It is expressly understood that the operations of this clause will not be the basis for an equitable adjustment.

(b)(3)

The term "pricing adjustment" as used in paragraph (a) of the clauses entitled "Price Reduction for Defective Cost or Pricing Data - Modifications", "Subcontractor Cost or Pricing Data", and "Subcontractor Cost or Pricing Data - Modifications", means the aggregate increases and/or decreases in cost plus applicable profits.

- (b) If either the Contracting Officer or a designated representative of the Agency's Office of Equal Employment Opportunity provides the Contractor notice of noncompliance with the applicable statutory or regulatory requirements which are enumerated in paragraph (a), the Contractor, at no cost to the Government, shall promptly take appropriate action. A copy of any documentation shall be provided to the designated representative of the Agency's Office of Equal Employment Opportunity. If the Contractor fails or refuses to promptly take appropriate action, the Contracting Officer may issue an order stopping all or part of the work until such appropriate action is taken.

- (d) The Contractor shall provide oral notification within two business days and written notification within five business days to the Contracting Officer of the Contractor's receipt of a claim made by a Contractor employee alleging any violation of an equal employment opportunity requirement connected to performance of this contract or connected to activities occurring on Federal property.
- (e) The Government may elect to conduct an investigation surrounding the claim if it is potentially a joint employer under EEOC Notice 915.002. In all such instances, the Contractor shall cooperate with the Government's investigation. In accordance with applicable law and to the extent possible, the Government shall treat all information obtained from the investigation as information proprietary to the Contractor.
- (f) The Contractor's noncompliance with the provisions of this clause may be grounds for termination under the default provisions of this contract.
- (g) The Contractor shall insert this clause, including this paragraph (g) in all subcontracts, with appropriate changes in the designation of the parties. The prime contractor shall provide the Contracting Officer with a copy of all notifications made pursuant to the provisions of this clause.

- (a) *Overtime requirements.* No Contractor or subcontractor employing laborers or mechanics (see Federal Acquisition Regulation 22.300) shall require or permit them to work over 40 hours in any workweek unless they are paid at least 1 and 1/2 times the basic rate of pay for each hour worked over 40 hours.
- (b) *Violation; liability for unpaid wages; liquidated damages.* The responsible Contractor and subcontractor are liable for unpaid wages if they violate the terms in paragraph (a) of this clause. In addition, the Contractor and subcontractor are liable for liquidated damages payable to the Government. The Contracting Officer will assess liquidated damages at the rate of \$10 per affected employee for each calendar day on which the employer required or permitted the employee to work in excess of the standard workweek of 40 hours without paying overtime wages required by the Contract Work Hours and Safety Standards Act.
- (c) *Withholding for unpaid wages and liquidated damages.* The Contracting Officer will withhold from payments due under the contract sufficient funds required to satisfy any Contractor or subcontractor liabilities for unpaid wages and liquidated damages. If amounts withheld under the contract are insufficient to satisfy Contractor or subcontractor liabilities, the Contracting Officer will withhold payments from other Agency contracts held by the same Contractor that are subject to the Contract Work Hours and Safety Standards Act.
- (d) *Payrolls and basic records.* (1) The Contractor and its subcontractors shall maintain payrolls and basic payroll records for all laborers and mechanics working on the contract during the contract and shall make them available to the Government until 3 years

The Contractor shall also comply with all applicable state occupational safety and health laws and regulations. Noncompliance shall be grounds for termination of this contract in accordance with its default provisions. (b) Whenever the Contracting Officer becomes aware of any noncompliance with these requirements or any condition that poses a serious or imminent danger to health or safety, the Contracting Officer, or the authorized representative of the Contracting Officer, shall notify the Contractor orally, with written confirmation from the Contracting Officer, and request immediate initiation of corrective action. This notice, when delivered to the Contractor or the Contractor's representative at the worksite, shall be deemed sufficient notice of the noncompliance and that corrective action is required. After receiving the notice, the Contractor shall immediately take corrective action. If the Contractor fails or refuses to promptly take corrective action, the Contracting Officer may issue an order stopping all or part of the work until the Contractor takes satisfactory corrective action. The Contracting Officer or the authorized representative of the Contracting Officer may inform the Occupational Safety and Health Administration (OSHA), or other cognizant federal, state, or local officials, of such notification. The Contractor shall not be entitled to any equitable adjustment of the contract price or extension of the performance schedule on any stop work order issued under this clause. (c) The Contractor shall insert this clause, including this paragraph (c) in all subcontracts, with appropriate changes in the designation of the parties. The prime contractor shall provide the Contracting Officer with a copy of all notifications made by the prime contractor to a subcontractor pursuant to paragraph (b) of this clause.

(b)(3)

Accident Reporting (JAN 2004)

(a) The Contractor shall provide oral notification to the Contracting Officer or the authorized representative of the Contracting Officer when an accident occurs on Federal property in connection with performance of this contract. Notification must be given not later than twenty-four (24) hours after the accident occurs. (b) When requested by the Contracting Officer or the authorized representative of the Contracting Officer, the Contractor shall conduct an investigation of the accident and shall prepare a report that identifies all pertinent facts related to the accident. The report shall include, but not be limited to, the underlying cause(s) of the accident and the actions the Contractor shall take to prevent the recurrence of similar accidents. The Contractor shall submit the report to the Contracting Officer or the authorized representative of the Contracting Officer not later than fourteen (14) calendar days from the date the accident occurs. (c) The Government may elect to conduct an investigation of the accident with the assistance of the Contractor. (d) Compliance with the provisions of this clause shall not entitle the Contractor to an equitable adjustment in contract price or to an extension of performance schedule. (e) The Contractor shall incorporate this clause, including this paragraph (e), in all subcontracts, with appropriate changes in the designation of the parties.

(b)(3)

Tax Audits (JAN 2004)

If federal, state, or local tax officials request access to information under this contract, the contractor shall immediately notify the Contracting Officer. The contractor shall also request that the tax officials identify, in writing, the specific information sought for review and shall forward the response and any related documentation to the Contracting Officer.
