	Base Year (COMPLETE)

(b)(4)

(b) The Contractor shall expend its best effort towards accomplishing the Scope of Contract work outlined above.

(c) Level-of-Effort for Base and Option Periods:

(1) The level-of-effort required for the base period is defined in the table below. The estimated composition of the total labor hours for the base period is as follows:

	Base Year
CLIN 1 – Program Management	10,174
CLIN 2 – Support Service Labor	280,659
CLIN 3 – Other Direct Costs	-
Minimum LOE	282,108

(d) The Contractor shall continually evaluate the total level-of-effort required and recommend to the Government changes thereto which are considered beneficial in attaining the overall objectives of this contract. In controlling the utilization of labor hours, the Contractor shall promptly notify the Contracting Officer, in writing, when there is an indication that premature exhaustion of the total labor hours is predicted.

(e) It is understood and agreed that the rate of labor hours per month may fluctuate in pursuit of the technical objective; however, such fluctuations will be controlled to avoid an exhaustion of the total labor hours before the expiration of the term of the contract.

CONTRACT NUMBER: 2007*1211818*000

(f) It is further agreed that the Contractor may submit written requests for acceleration of the average hourly rate of effort that will result in the utilization of the total labor hours set forth above prior to the expiration date of this contract. If the Contracting Officer approves the request, the accelerated performance shall be without increase in fee and the transaction formalized by modification to this contract.

(g) The fee for performance under this contract is predicated upon the Contractor furnishing at least the minimum but up to and including the maximum level-of-effort specified. In the event the minimum level-of-effort is not provided as specified, the fee shall be equitably adjusted downward in accordance with the following formula:

$$\text{Fee Reduction} = \text{Fee (in \$)} \times \frac{(\text{Target LOE} - \text{Expended LOE})}{\text{Target LOE}}$$

"Fee Reduction" computed by the above formula is the dollar amount by which the fee specified in the contract will be reduced. "Fee" in the above formula means the fixed fee specified in the contract for CPFF type contracts. "LOE" in the above formula means "level-of-effort".

(h) In the event the Government desires an additional level-of-effort in excess of the maximum labor hours specified prior to contract completion, the parties may negotiate to make an equitable adjustment of the amount of fee payable hereunder.

(f) The Contractor shall continually evaluate the total level-of-effort required and recommend to the Government changes thereto which are considered beneficial in attaining the overall objectives of this contract. In controlling the utilization of labor hours, the Contractor shall promptly notify the Contracting Officer, in writing, when there is an indication that premature exhaustion of the total labor hours of effort is predicted.

(g) It is understood and agreed that the rate of labor hours per month may fluctuate in pursuit of the technical objective; however, such fluctuations will be controlled to avoid an exhaustion of the total labor hours of effort before the expiration of the term of the contract.

OCT 2003

(b)(3)

Provisional/Interim billing and payment of fee, equivalent to 5 percent of allowable costs incurred, is authorized. Adjustment of such provisional fee payments, to reflect and account for the actual fee earned/awarded (Award Fee) for the period evaluated, shall be made in accordance with the following criteria:

- (1) **Underpayment of Fee:** If the cumulative amount of Provisional Fee payments made during the applicable evaluation/billing period is less than the fee awarded/earned (Award Fee) for that same period, the Contractor shall submit a separate invoice for and the Government shall remit payment of the balance of fee to be paid under the terms of the Award Fee Provisions of this contract.

To assist the Government in this regard, the Contractor is requested to reflect such adjustments on subsequent invoices.

H-21 Early Dismissal and Closure of Government Facilities

DEC 2006

(b)(3)

(a) When an Agency facility is closed, and/or a delayed arrival/early dismissal of Federal employees is directed due to severe weather, a security threat, a facility-related problem, or other emergency event that prevents personnel from working, on-site contractor personnel regularly assigned to work at that facility should follow the same reporting and/or departure directions given to Government personnel. Non-essential contractor personnel, who are not required to remain at or report to the facility, shall follow their parent company policy regarding whether they should go/stay home or report to another company facility. Subsequent to an early dismissal and during periods of inclement weather, on-site contractors should monitor radio and television announcements before departing for work to determine if the facility is closed or operating on a delayed arrival basis.

(b) When Federal employees are excused from work due to a holiday or a special event (that is unrelated to severe weather, a security threat, a facility-related problem, or other emergency event), on-site contractors will continue working established work hours or take leave in accordance with parent company policy. Those contractors who take leave shall not direct charge the non-working hours to an Agency contract.

(c) Contractors are responsible for predetermining and disclosing their charging practices for early dismissal, delayed openings, or closings in accordance with the FAR, applicable cost accounting standards, and company policy. Contractors shall follow their disclosed charging practices during the contract period of performance, and shall not follow any verbal directions to the contrary. The Contracting Officer will make the determination of cost allowability for time lost due to facility closure in accordance with FAR, applicable Cost Accounting Standards, and the Contractor's established accounting policy.

H-22 Contractor Performance Evaluation

MAR 2004

(b)(3)

(a) In accordance with FAR 42.15, and as otherwise provided by this contract, the Contractor's performance under this contract shall be subject to evaluation as follows:

- (1) Final evaluation shall be conducted for all contracts after completion of contract performance; and
- (2) Interim evaluations may be conducted at the government's discretion.

(b) Past performance evaluation reports shall be retained by the Government to provide source selection information for a period not to exceed three years after contract completion. In accordance with FAR 9.105, the Contracting Officer shall also consider relevant past performance information when making responsibility determinations.

(c) The Contracting Officer shall provide appropriate extracted information from the completed interim (if applicable) and final reports to the Contractor as soon as practicable after completion of the report. The Contractor shall have a maximum of 30 calendar days after the date of the letter forwarding the information to submit written comments, rebutting statements, or additional information. The Government will consider rebuttals and other information provided by the Contractor and will render a final determination regarding the contractor's performance during that period of the evaluation.

(d) The performance evaluation conducted pursuant to this clause shall be separate from the award fee determination(s) rendered under the terms of this contract.

H-23 Past Performance Information - Referencing Agency Contracts

MAR 2004

(b)(3)

This contract may be listed as a reference for past performance purposes only in offers submitted to agencies and organizations within the Intelligence Community, provided the Contractor requests and receives the written approval of the Contracting Officer in advance. Failure to comply with this requirement may result in the Agency being

unable to respond to a reference request and may also result in a termination for default.

H-24 Changes Requiring No Equitable Adjustment

MAR 2004

(b)(3)

(a) Purpose. The purpose of this paragraph is to establish a procedure whereby one contractual modification will be used both to direct a change pursuant to the "Changes" clause of this contract and to settle any question of equitable adjustments that might arise. This procedure shall apply only to those changes that will have no effect on the contract price, delivery schedule, or other provisions of the contract.

(b) Procedure. When a change under the "Changes" clause is proposed, and both parties agree that the proposed change will not require any equitable adjustment, the Contracting Officer shall issue a bilateral modification authorizing the change that clearly states the change has no effect on either the contract price/cost plus fee, or period of performance/delivery date. The Contractor's signature on the modification shall constitute acceptance of the Government's offer, shall be binding on both parties, and shall constitute a full, complete, and final settlement for the changes so directed.

H-25 Limitation of Working Groups

MAR 2004

(b)(3)

Technical guidance provided at meetings of Working Groups established by the Government and/or construed from the minutes of such meetings shall not constitute authorization for the Contractor to alter the scope of this contract. Only the Contracting Officer may give such direction in writing through the "Changes" clause of the contract.

H-26 Engineering Change Proposals

MAR 2007

(b)(3)

(a) The Contracting Officer may ask the Contractor to prepare engineering change proposals for engineering changes within the general scope of this contract. Upon receipt of a written request from the Contracting Officer, the Contractor shall prepare and submit an engineering change proposal in accordance with the Contracting Officer's instructions.

(b) The Contractor may initiate engineering change proposals. Contractor initiated engineering change proposals shall include a "not to exceed" cost or price or a "not less than" cost or price and delivery adjustment. If the Contracting Officer orders the engineering change, the increase shall not exceed nor the decrease be less than the "not to exceed" or "not less than" amounts.

(c) A change proposal accepted in accordance with the Changes clause of the contract shall not be considered an authorization to the contractor to exceed the estimated cost in the contract schedule, unless the estimated cost is increased by the change order or other contract modification.

(d) When the cost or price adjustment amount of the engineering change is \$650,000 or more, the Contractor shall submit

- (1) A contract pricing proposal using the format in Table 15-2, Section 15.408, of the Federal Acquisition Regulation; and,
- (2) At the time of agreement on cost or price, a signed Certificate of Current Cost or Pricing Data.

The understanding shall specify (i) the agreed-upon final annual indirect cost rates, (ii) the bases to which the rates apply, (iii) the periods for which the rates apply, (iv) any specific indirect cost items treated as direct costs in the settlement, and (v) the affected contract and/or subcontract, identifying any with advance agreements or special terms and the applicable rates. Protection Of Information

JUL 2003

(b)(3)

(a) It is the Government's intent to ensure proper handling of sensitive planning, budgetary, acquisition, and contracting information that will be provided to, or developed by, the contractor during contract performance. It is also the Government's intent to protect the proprietary rights of industrial contractors whose data the contractor may receive in fulfilling its contractual commitments hereunder.

(b) Accordingly, the contractor agrees that it will not disclose, divulge, discuss, or otherwise reveal information to anyone or any organization not authorized access to such information without the express written approval of the Contracting Officer. The contractor shall require that each of its employees assigned to work under this contract, and each subcontractor and its employees assigned to work on subcontracts issued hereunder, execute nondisclosure agreements acknowledging the above restrictions before providing them access to such information. The contractor shall also require all future company employees, subcontractors, and subcontractor employees needing similar access to such information to execute nondisclosure agreements prior to providing them access to the information identified above. The requirement for the contractor to secure nondisclosure agreements from their employees may be satisfied by having each employee sign one nondisclosure agreement as a term of their employment, and need not be accomplished separately for each individual contract for which the employee will support, unless a separate agreement is specifically requested by the Contracting Officer. The contractor will make copies of these individual agreements available to the Contracting Officer upon request. These restrictions do not apply to such information after the Government has released it to the contractor community, either in preparation for or as part of a future procurement, or through such means as dissemination at Contractor Industrial Forums.

(c) The contractor further agrees that any source documents furnished by the Government and any contractor documents developed therefrom in the performance of this contract are the sole property of the Government and will be held in the strictest confidence.

(d) If the work to be performed under this contract requires access to the proprietary data of other companies, the contractor agrees to enter into an agreement with the company that has developed this proprietary information to: (1) protect such proprietary data from unauthorized use or disclosure for as long as the information remains proprietary; and (2) refrain from using the information for any purpose other than support of the Government contract for which it was furnished. The contractor shall provide a properly executed copy of any such agreement(s) to the Contracting Officer. These restrictions are not intended to protect data furnished voluntarily without limitations on their use. Neither are they intended to protect data, available to the Government or contractor, from other sources without restriction.

(e) The contractor agrees to include in each subcontract a clause requiring compliance by the subcontractor and succeeding levels of subcontractors with the terms and conditions herein.

(f) The contractor agrees to indemnify and hold harmless the Government, its agents, and employees from every claim or liability, including attorneys fees, court costs, and expenses arising out of, or in any way related to, the misuse or unauthorized modification, reproduction, release, performance, display, or disclosure of data with restrictive legends received in performance of this contract by the contractor or any person to whom the contractor has released or disclosed the data.

(g) The contractor further agrees that the Government may periodically review contractor's compliance with these provisions or require such self-assessments or additional certifications as the Government deems appropriate. The contractor is on notice that this clause supplements, but does not supersede, the contractor's obligations under paragraph (b) of clause  Organizational Conflict of Interest - General.

Such consultants will be involved in providing advice to the Government concerning viability of technical approaches, utilization of acceptable procedures, value and results of tests, and other management and contractual aspects of the program. (b)(3)

(a) The Contracting Officer authorizes the Contractor to utilize an Agency vehicle in the performance of this contract. (b) The Government reserves the right to deny, suspend, or revoke the Contractor's privilege of operating a Government vehicle.

(c) Contractor assumes the liability risk resulting directly or indirectly from the Contractor's use of Agency owned or leased vehicles, including but not limited to damage to Contractor property, or property of a third party; the risk of injury to any Contractor employee, Government employee or third party; or any moving violation or other violation involving the use of the Government vehicle. Contractor shall indemnify and hold the Government harmless for any and all loss connected to or arising from the Contractor's use of the Government vehicle.

(d) The Contractor shall not be responsible for loss or damage to Agency vehicles, except for loss or damage caused by the willful misconduct or a lack of good faith on the part of the Contractor's personnel.

(e) The Contractor shall provide and maintain insurance covering its liabilities under paragraphs (b) and (c) of this clause in amounts of at least \$200,000 per person and \$500,000 per occurrence for death or bodily injury and \$20,000 per occurrence for property damage or loss.

(f) The Contractor shall be reimbursed for the portion of its insurance properly allocable to this contract within the limits set forth in paragraph (e) of this clause.

(g) Contractor shall provide the Contracting Officer or the Contracting Officer's authorized representative with oral notification of an accident or damage to the Government vehicle not later than 24 hours of the occurrence. Contractor shall follow up with written notice, detailing the incident, not later than 5 calendar days. Contractor will cooperate with any investigation the Government may undertake.

(h) Subcontracts. The Contractor shall insert the provisions set forth in paragraphs (a) through (g) of this clause in subcontracts where use of Agency vehicles is contemplated. The Contractor shall be responsible for compliance by any subcontractor or lower-tier subcontractor with the provisions set forth in paragraphs (a) through (g) of this clause.
