On 5 May I met with representatives of A54, including Mr. [redacted] and Mr. [redacted]. A fundamental overview of the major facets of parapsychology was presented. Important issues relating to the Soviet research, purpose, and structure as well as application were discussed. Concerns about testing, training, risks and appropriate controls were aired. Articles and studies on the most important subjects were left with Mr. [redacted]. These included:

1. The Persistent Paradox of Psychic Phenomena: An Engineering Perspective, by Robert G. Jahn.
2. Defense Technical Intelligence Report: The Soviet Psychoenergetics Research Program by Dale Graff of DIA.
3. "Science and Psychic Power," from the National Observer of 30 Oct 73.
4. Silent Music: The Science of Meditation by William Johnson.
5. A sketch diagram of the Soviet Research Structure and Key Personnel by [redacted]
