Subject was well know	own to Swedish Int	alligence sources as former Japanese Military
Attache in Stockholm	m, and as an espio	nage agent of some ability. About one year
ago, the Swedish exp	port firm "Gerum"	of Goteborg, requested the Alien Control
Commission for the s	subject to enter S	weden as the commercial representative of the
export firm in Japar	1. Because of the	subject's reputation as an espionage agent rces, permission was denied.

The request was repo	sated some few mon	th ago, at which time the Swedish negative
attitude was reconst	ider d in the ligh	t of the fact that it was assumed that Japan
being under U.S. inf	fluence, if not ou	tright control, would be an area from which
travelers would be w	well screened prio	r to their departure, this assumption leading
therefore to the cor	nclusion that the	subject had the implied, if not explicit,
approvat-of-the Unit	subject under our	er, contrary to this view, the Swedish Securi veillance since arrival in this country, and :
has been reported to	the Army Attache	that the subject has made no contacts outside
those routinely asso	ociated with the S	wedish export firm of Gerum and has made ho
effort to get in con	ntact with any of	his possible former professional essociates in
Sweden.
