Opera/PSICH

Status of Project []

REFERENCE: (NJAW-404)

1. In the above referenced dispatch, headquarters notified () that, until such time as Project [] was approved, NSURILL should be kept under OJA.
2. Since the transmittal of the referenced dispatch (), headquarters' thinking in regard to the submittal of Project [] has been somewhat altered. It is felt that, for the present at least, [] should be held in abeyance. This action should not be interpreted to mean that our desire to get on with KUGOWN operations in Jordan has lessened. Quite the contrary is true. It is our intention to process [] at some future date when the station has been adequately established, personnel-wise, for KUGOWN operations.
3. In the meantime, the financing of worthwhile KUGOWN developments and/or targets of opportunity which may arise can be taken care of through the developmental fund which has been established for Jordan and which you are aware of. If, at any time, more funds are needed and can be justified by the field, the developmental fund can be replenished.
