New York 19, New York

Gentlemen:

1. It is requested that Mr. Tscherim Soobzokov now employed by your firm be permitted to participate in a six month materiel testing program conducted under the supervision of the Department of the Army to begin 15 February 1957. Mr. Soobzokov has been brought to our attention as particularly well-suited to act as a civilian specialist during the test period.
2. Mr. Soobzokov will be available to resume his normal occupation, should he desire, at the expiration of the six-month period on or about 15 August 1957.
3. The program is of a restricted nature; consequently, any discussion of it, at this time, would be difficult without violating military security.
4. We would appreciate your comments by return mail if you envision any complications in connection with the release of Mr. Soobzokov and the subsequent reemployment of him upon the completion of the period indicated.
5. The Department of the Army would like to thank you in advance for your cooperation.

Lawrence London
