Operational/CART
CABALLETTA 2

REF: EGQA 31435

1. In view of EGQA 31435, we will deactivate CABALLETTA 2 from the CABARIC Project and amend his clearance accordingly. IS Budget advises that all past and future CABALLETTA expenses should now be charged to German Overhead (4-3130-55-017). The \$800 allotment to CABARIC originally designed to cover CABALLETTA 2 will be used for other purposes.
2. The use of CABALLETTA 2 as a support agent for investigative assignments, over and above the fact that these assignments appear of sufficient sensitivity and importance to warrant it, requires that his activities be recorded in detailed monthly progress reports in accordance with Field Regulation 50-11. Please bring these to the attention of the EE CART Desk, ☐ ☐, who will in turn route them to other interested branches. We appreciate the detailed picture afforded us by EGQA 31435 of CABALLETTA 2's current status, but we also desire to follow very closely all of CABALLETTA 2's operational support activities, particularly insofar as these activities involve contact with German police officials, or are at the behest of another service.
3. We are willing to initiate efforts to secure KUSARK aid in CABALLETTA 2's immigration at any time this proves desirable. We agree the security threat CABALLETTA 2 could pose to CABARIC is sufficient reason for so helping him.
