1. ZIPPER has replied that in every army group on the eastern front a OFF group was specially charged with the interrogation of NKFD members. The interrogation was conducted by a "Sekretar", in collaboration with the "Kommissar". Other members of the OFF attached to army groups or armies were not authorized to conduct such interrogations; the Sipo and SD, likewise, were cut out of the operation. After army group interrogation by the special OFF group, members of the NKFD were sent to an assembly camp in "Hinterpommern". Source was not acquainted with the handling procedure outside the combat zone, i.e. in rear of army group.
