Montoneros may be planning to bomb large gatherings, such as conferences, banquets and public assemblies

Ammonia bombs constructed in Argentina will be used to carry out these operations.

the Montoneros are urging that widespread simultaneous terrorist acts be carried out to commemorate the death of Eva Peron on 26 July. (Although Argentine security forces have been successful in weakening the Montonero organization, it still has a terrorist capability. In the past, the Montoneros have carried out terrorist operations to mark the anniversary of Eva Peron's death.
