SUBJECT: Gunter WISCHMANN, Hans "Waldeck", Unterstein/Berchtesgaden.

SECRET

1. FLUSH was instructed to visit WISCHMANN at his home near Berchtesgaden and inquire into his activity.

2. WISCHMANN is a man of about 30 yrs, financially quite independent, is married and has a child. His father is now dead, but used to live in Hamburg. His father had a meat packing and meat import business with branches in Prague, Paris, Holland, Belgium, and Spain.

3. The young WISCHMANN now works for the "Bayrische Hilfswerk", has authorization from Special Service, USPA authorizing him to travel throughout the American Zone of Austria, and Germany, and through the British Zone of Germany.

4. FLUSH found WISCHMANN a very informed and active man, well aware of activity of foreign agents in the American Zone (cf. Spot Reports No. 48, 49, 50, 51). - WISCHMANN was asked by FLUSH to "regularly submit whatever information of intelligence nature he may find". To this he readily agreed stipulating that if he is to surrender this information through FLUSH he would insist first to be sure that FLUSH furnishes proof that all such information is destined for the Americans (or the British) and not for FLUSH personally. - This was easily settled when FLUSH mentioned that he was originally released from jail by Capt. "Mickey". It so happens that WISCHMANN himself was also taken out of jail from Salzburg by Capt. Michaelis.

NOTE: 5. WISCHMANN has been used by Capt. Michaelis and Jane Burrell in connection with their investigation into the "REHA Financial Operation". His files though must have been destroyed by Capt. Michaelis when he left this detachment last fall. The only thing about WISCHMANN which I recall is that he was acting as a buyer for the REHA's representative in Czechoslovakia, WANNINGER. I also recall that at one time the British have asked ~~if WISCHMANN~~ they could not use him in Hamburg. (WISCHMANN seems to be in contact with any intelligence agency).
