(g) It is understood and agreed that the rate of labor hours per month may fluctuate in pursuit of the technical objective; however, such fluctuations will be controlled to avoid an exhaustion of the total labor hours of effort before the expiration of the term of the contract.

(h) It is further agreed that the Contractor may submit written requests for acceleration of the average hourly rate of effort that will result in the utilization of the total labor hours set forth above prior to the expiration date of this contract. If the Contracting Officer approves the request, the accelerated performance shall be without increase in fee and the transaction formalized by modification to this contract.

(i) The fee for performance under this contract is predicated upon the Contractor furnishing at least the minimum but up to and including the maximum level-of-effort specified. In the event the minimum level-of-effort is not provided as specified, the Government may, at its unilateral option, reduce both the base fee and the award fee pool proportionally. Such reduction, if necessary, will be applicable to all fees including those awarded/earned. The fee shall be adjusted downward in accordance with the following formula:

$$\text{Fee Reduction} = \frac{\text{Fee (in \$)} \times (\text{Target LOE} - \text{Expended LOE})}{\text{Target LOE}}$$

"Fee Reduction" computed by the above formula is the dollar amount by which the fee specified in the contract will be reduced. "Fee" in the above formula means the base fee and maximum award fee for CPAF type contracts. "LOE" in the above formula means "level-of-effort".

(j) In the event the Government desires an additional level-of-effort in excess of the maximum labor hours specified prior to contract completion, the parties may negotiate to make an equitable adjustment of the amount of fee payable hereunder.

152.232-724 Allotted Contract Funding (JAN 2004)

Pursuant to the "Limitation of Funds" clause, the funding presently available and allotted for the performance of this contract is set forth below. The Government shall not be obligated to reimburse the Contractor for costs incurred in excess of this amount and the Contractor shall not be obligated to continue performance under this contract or otherwise incur costs in excess of the stipulated amount. The Government estimates that the allotment will cover the period of performance identified below:
