MEMORANDUM FOR: Deputy Director of Central Intelligence

SUBJECT: Developments During Your Absence

You have copies of the memoranda of our ad nauseum sessions with Senator Howard Baker and his staff during your absence. I believe the only additions are that in response to Baker's requests Cord Meyer will appear before him on the 23rd of February and Dick Helms will be up on the 26th. Nedzi has also asked Helms to allow time when he is here for an appearance before his CIA Subcommittee.
