

## Nigeria

### US State Dept Travel Advisory

The US Department of State currently recommends US citizens RECONSIDER TRAVEL to Nigeria due to crime, terrorism, civil unrest, kidnapping, and maritime crime. Some areas have increased risk. Consult its website via the link below for updates to travel advisories and statements on safety, security, local laws and special circumstances in this country.

### Passport/Visa Requirements

US citizens should make sure their passport is valid at the date of their entering the country. They should also make sure they have at least 2 blank pages in their passport for any entry stamp that will be required. A visa is required. US citizens will need to get in touch with the country's embassy or nearest consulate to obtain a visa prior to visiting the country.

### Vaccinations

An International Certificate of Vaccination for yellow fever is required for all travelers.

On 7 October 2019, the Centers for Disease Control and Prevention issued a Travel Health Notice for a yellow fever outbreak in Nigeria that has now spread throughout the country. The CDC recommends travelers going to Nigeria should receive vaccination against yellow fever at least 10 days before travel and should take steps to prevent mosquito bites while there; those never vaccinated against yellow fever should avoid travel to Nigeria during the outbreak. See WHO recommendations.
