Bulgaria - Urban Growth Rate v. Total Population Rate

The graph shows the comparison between the Urban Growth Rate and the Total Population Growth Rate in Bulgaria from 2000-2030. The Urban Growth Rate is represented by a blue line, while the Total Population Growth Rate is shown in orange. The data indicates a peak in the Urban Growth Rate in 2010-2015 followed by a decline in the subsequent periods, whereas the Total Population Growth Rate shows a gradual decrease overall.
